## Crimes Against Women – Definitions of

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) (Pub. Law 113-4). The HEA defines the new crime categories of domestic violence, dating violence, and stalking in accordance with section 40002(a) of the Violence Against Women Act of 1994 as follows:

1. “Domestic violence” means a “felony or misdemeanor crime of violence committed by—
  - A current or former spouse or intimate partner of the victim
  - A person with whom the victim shares a child in common
  - A person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner
  - A person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under the VAWA]
  - Any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction
2. “Dating violence” means “ violence committed by a person –
  - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
  - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
    - The length of the relationship;
    - The type of the relationship; and
    - The frequency of interactions between the people involved in the relationship.”
3. “Stalking” ***Criminal activity consisting of the repeated following and harassing of another person. Stalking is a distinctive form of criminal activity composed of a series of actions that taken individually might constitute legal behavior. For example, sending flowers, writing love notes, and waiting for someone outside her place of work are actions that, on their own, are not criminal. When these actions are coupled with intent to instill fear or injury, however, they may constitute a pattern of behavior that is illegal. Anti-stalking laws are gender neutral.*** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to –
  - Fear for his or her safety or the safety of others; or
  - Suffer substantial emotional distress.”

## ***GENERAL EMERGENCY PROCEDURES***

### **Who to Contact**

All employees are expected to be familiar with and to follow procedures outlined in the Vogue College Critical Response Plan. In the case of an emergency or immediate or perceived threat toward the students and/or employees, or immediate or perceived threat toward any other person on the school premises, the employee is authorized to make an emergency call to 911. Instructors (including student instructors) and/or staff members should remain in the room with their students if they are notified of a possible emergency. As soon as is reasonably possible, the Administration should be notified of the threat.

### **Medical Attention**

Anything requiring more than minor attention is to be referred to the local hospital. Except in cases of severe illness or medical emergencies, students are considered mature enough to seek appropriate relief such as returning home, visiting the restroom, or seeking medical help.

## ***PERSONAL RESPONSIBILITY FOR SAFETY***

No safety rule is a complete substitute for common sense, nor can safety rules be devised to cover every situation you experience. For these reasons, good judgment must be used in every situation. Each person is responsible for the following:

### **Individual Responsibility**

Follow the approved practices and procedures or standards which apply, on any work you perform for the school.

Use only the appropriate protective equipment and devices. Use such equipment or devices whenever the hazard justifies their use or when so instructed by your supervisor.

It is the responsibility of everyone to make frequent inspections of tools and other equipment used to make sure such tools and equipment are in good physical condition.

Report to your Director/Instructor any condition which might injure any person or damage any property. The hazard should also be pointed out to others exposed to it in order to correct or avoid it before an accident occurs.

If anyone observes another who is about to endanger themselves, another person, or property while at VCC, they should intervene immediately in such a way as to not endanger themselves.

### **Accident Investigation and Reporting**

Anyone who suffers an injury during school shall promptly report such injury to the school Director/ Instructor no later than end of the period on the day in which the injury occurred.

Every accident shall be investigated to determine the cause and the steps needed to prevent a recurrence. It shall be the responsibility of the Supervisor/Instructor to obtain the complete and detailed facts of the accident as soon as possible after it occurs and to see that the required reports are made to the Administration.

**Firearms**

Firearms, ammunition, explosives or other weapons are prohibited on the school property.

Exceptions to this policy are limited to the following instances:

- Department of Public Safety and other law enforcement agencies in performance of their normal duties may carry firearms on School property and
- TCLEOSE approved students.
- Personal safety items such as Mace spray, pepper spray and stun guns may be kept put away in vehicle

**Good Housekeeping**

Good Housekeeping is essential to safe operation. It will result in fewer accidents and will reduce fire hazards. Oil and chemical spills should be cleaned up promptly to eliminate slipping and fire hazards. All work areas must be kept free of kit duffel bags, materials, extension cords, and other objects which create hazards. Cleaning up the area where you are working is part of the job. A job is not completed until the area is cleaned up.

***FIRE PREVENTION AND SECURITY***

**Fire Prevention**

Everyone should exercise good judgment and conduct themselves in a manner that would prevent fires while on School property. No one should smoke in areas where “No Smoking” signs are posted, or where hazard from smoking exists. If a fire should occur, contact your school director/instructor immediately. Stay calm. If the fire is small, select the proper extinguisher and attack the fire (if this can be done safely).

The following chart describes the different types of fires normally encountered and the proper extinguisher to use in each case.

TYPES OF FIRES	TYPES OF EXTINGUIDHER AND AGENT
<b>Ordinary Combustible Materials Such As Paper, Wood, and Trash</b>	<b>Water (Preferred) And Multi-purpose</b>
<b>Flammable Liquid And Gases such As</b>	<b>Dry Chemical (Preferred)</b>

<b>Gasoline, Lubricating Oils and Natural Gas</b>	<b>And Carbon Dioxide</b>
<b>Electrical such as Electronic Instruments And Switchgear Installations</b>	<b>Carbon dioxide (Preferred) And Dry Chemical</b>

### **Storage of Flammable Liquids**

Metal containers and/or safety cans equipped with flame arresters and spring actuated caps should be used for the storage and handling of all flammable liquids with a flashpoint of less than 100 degree F

## ***SOLVENTS, CHEMICALS & CHEMICAL CLEANING, WATER TREATMENT***

### **Rule**

All chemicals and solvents are treated as potential hazards from initial delivery to ultimate use and require the use of safe practices at all times.

Anyone handling flammable liquids or chemicals of any type should wear appropriate protective clothing and will comply with industry safe practices and the safety instructions on the container label in regards to both the use and storage of these materials. Chemicals and materials with toxic fumes are to be used only in well-ventilated areas.

### **Responsibility**

It is the responsibility of everyone to be aware of the hazards related to the use of solvents, chemical cleaning materials, and other chemicals and to enforce the rules related to their use. Hazards to be considered when using solvents, chemical cleaning materials, and other chemicals are:

- Contact with a hazardous material can cause skin rash or dermatitis, corrosive burns or eye damage.
- Potential explosive or fire hazard.
- The danger of ingestion of a poisonous, corrosive, or hazardous substance through the mouth or absorbed through the skin.
- The inhalation of a volatile solvent, gas or toxic dust which may produce asphyxiation, intoxication, or damage to mucous membrane and internal organs.

### **First Aid**

First aid procedures vary depending on the chemical nature of the materials in question. Follow the instructions on the container label. In the event that a person should come in contact with solvent or chemicals in the eyes or on the skin, the affected area should be irrigated for a minimum of fifteen (15) minutes.

If anyone ingests chemical materials or is splashed with a hazardous material and irrigation facilities are not available, they should immediately be referred to a hospital emergency room.

## ***SEVERE WEATHER***

### **Tornado**

If (in the judgment of the owner or school director in charge) the threat of impending danger warrants it, the following actions may be taken:

- Dismissal of all classes and assembly of students and employees into interior hallways and away from glass windows, doors and partitions.
- Everyone should remain in these “safe” areas until in the opinion of the school Director the threat of danger is past.
- If the tornado or destructive wind strikes the building, everyone should sit on the floor, with backs against the wall, their heads between their knees, and their hands clasped over the backs of their heads until all danger is past.

### **Flooding**

Because of the elevation of the School, buildings at VCC are not likely to flood. However, during periods of flooding, the school director will remain in contact with appropriate authorities and will keep both students and employees advised of local road conditions.

### **Ice and Snow**

In the event that ice and/or snow threaten to make highway travel hazardous, the school director may dismiss classes early or begin classes late to allow commuters safe travels to and from.

### **Closing the School as the Result of Severe Weather**

Only the owner has the authority to close the School. When this action is taken, the owner will notify the school’s director to then notify students and faculty via phone, email and/or social media

### **Self-Determination Policy**

No student will attempt to attend class and no employee will report to work if, by their opinion or by the warning of law enforcement officials, travel conditions in their area are unsafe (or if other circumstances would place their lives/health in jeopardy).

## ***EVACUATION PROCEDURES***

### **Emergency Evacuation**

During an emergency evacuation, each instructor is responsible for the safe and orderly evacuation of his/her class. Instructors not in class should assist with any evacuation problems that may arise. It is the instructor’s responsibility to prevent panic, control traffic, and provide calm leadership. The following guidelines should be observed:

- Instructors should know the shortest route from the classroom to the nearest exit.
- When the need to evacuate the building arises, the class should be directed to move single-file through the nearest exit and well beyond the building to an area of safety.

- The instructor should be last to leave in order to check that all students are out of the classroom and to close the door.
- Never return to the building until instructed to do so by the appropriate authorities.

## ***CRITICAL INCIDENT RESPONSE PLAN***

### **Objectives**

1. To coordinate Vogue’s response to critical incidents while paying special attention to the safety and security needs of members of our VCC community.
2. To maintain the safety and security of faculty, staff and students as a whole in the event of a critical incident.
3. To provide counseling, guidance, and appropriate support services to the families, friends, students, and campus community members in the event of a critical incident.

### **Definition of a Critical Incident**

A critical incident is a situation that involves VCC student(s) and/or employee(s) that creates a major disruption of normal operations and calls for a response beyond normal school operational procedures. Examples may be situations such as natural/structural disasters, violent behavior or life threatening injury or illness.

*(Note: this plan is for general information only. During an actual critical incident, variations might be made depending on the nature of the event and the situation.)*

## ***STUDENT ASSISTANCE SERVICES***

### **Personal Counseling Referrals**

The school director of VCC will act as the referral agent for student seeking assistance for emotional or personal counseling services.

## ***PROCEDURES FOR VOGUE COLLEGE***

**Step 1 Vogue College-** The Owner is notified of a critical incident involving a VCC student or employee at (512) 916-0077 during the day, (512) 585-2883 after hours or holidays.

First responders may call 911 if they determine that immediate medical attention is necessary. Once emergency services have been contacted, all steps in this process must be followed.

**Step 2 Vogue College-** The owner gathers information concerning the critical incident and responds accordingly.

In the event that scheduled classes need to be cancelled or altered in some manner the School Director will contact the faculty. The owner will contact the Director to reach out to students and the closure will be posted on the college website. [www.voguebeautycollege.com](http://www.voguebeautycollege.com). Any media contact, press releases, email or website assistance must be coordinated through the school owner.

**Step 3 Vogue College**– Depending on the evaluation of the situation, one or more of the following may occur:

- **Step 3A** – VCC will without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain respond, to or otherwise mitigate the emergency. The owner goes to scene of the incident to assess the need for back-up personnel. Based on the initial findings and upon agreement with either the owner or school Director, the response may include: dealing with the situation alone, contacting appropriate outside agencies (e.g. local police, hospital), contacting family members, contacting counseling center.
- **Step 3B** -- If warranted, an emergency meeting of the Critical Incident Response Team (CIRT) may be called after evaluation of the situation with the consent of the owner. CIRT includes owner, school director and director of compliance. Owner initiates family contacts.
- **Step 3C** – Emergency CIRT meeting is called. If determined in the emergency CIRT meeting, the director of compliance will assist the owner in dealing with the critical incident. This may include: assisting affected student or employee’s family members, counseling with students or college employees, gathering additional information, etc.
- **Step 4 Vogue College**– Once the issue/situation is under control, the CIRT will meet and debrief. Any needed follow-up plans, communications, activities, and/or programs will be determined for final resolution of the critical incident. Timelines for these activities will be determined and a closure/evaluation meeting of the CIRT will be scheduled. CIRT will evaluate all responses to critical incident at the closure/evaluation meeting.
- **Step 5 Vogue College** – The directory of compliance will recommend to the owner any policy revisions in procedures and will compile a Critical Incident Report to be filed in home office.

Vogue College conducts a test of the emergency response and evacuation procedures quarterly. The test is unannounced to the students and takes place at a time when most of the students, faculty and staff are expected to be present on campus. An emergency response log is maintained in the Director's Office and includes the date, time and whether the Drill was announced or unannounced.
